BAKER, Rev Dr F N. = Albert College, December 1918 (026)

328

December 2nd, 1918

Rev. Dr. A. N. Baker,

Albert College,

Belleville.

Dear Dr. Baker:

I have read with interest the account of the effort that you are about to make to add to the endowment of Albert College and hope that you may be successful. From now on I am sure there will be greater demands than ever upon educational institutions and I should think that the people will have to come more generous in their attitude towards them.

We are about to launch a scheme to provide a memorial for our graduates and undergraduates who have been on active service and hope to make it worthy of them. Wishing you every success, I am,

Yours sincerely,

President.
